TOWARDS NEW HORIZONS IN METASTASIC COLORECTAL CANCER

BARCELONA

Tuesday, October 25th 2016

CENTRE CELLEX
C/ Natzaret, 115-117
08035 Barcelona

9:30 h - 10:00 h

Welcoming: Towards new horizons in mCRC:
Vhio Early Drug Development Program.

Dr. Josep Tabernero

SESSION 1: Localized colorectal cancer

10:00 h - 10:30 h

Defining optimal perioperative
treatment in rectal cancer.

Dr. Jaume Capdevila

10:30 h - 11:00 h

Break

SESSION 2: Metastatic colorectal cancer. Liver Limited Disease

11:00 h - 11:30 h

TALK 1: Surgical approaches
in colorectal cancer liver metastasis.

Dr. Dopazo

11:30 h - 12:00 h

TALK 2: New endpoints to define treatment
benefit in mCRC: The role of early tumor
shrinkage and deepness of response.

Dr. Elez

SESSION 3: Dealing with advanced disease colorectal

12:00 h - 12:30 h

TALK 1: Antiangiogenic approaches vs anti-
EGFR agents in advanced colorectal cancer:
Front line therapy. *Dr. Maraculla*

12:30 h - 13:00 h

TALK 2: Overcoming resistance
to anti-EGFR agents. *Dr. Argilés*

SESSION 4: The colorectal cancer Portrait in the Molecular Oncology Era

13:00 h - 13:30 h

Redefining Metastatic Colorectal cancer. The
Consensus Molecular Subtypes Perspective.
Dr. Dienstman

13:30 h - 14:30 h

Lunch

14:30 h - 15:30 h
